Conclusion

High-risk discussion pattern detected. Review the linked sources, entities, and sender activity.

Evidence

- [2026-07-16 20:20:49 IST] vx-underground: > get dm
- > "hey smelly, i work for (kind of important place)"
- > "vendor sent us weird file, its sus af"
- > "what do u think?"
- > download file
- > look inside
- > ultra mega fuck off malware
- > pe position independent .code ...
- [2026-07-16 20:20:49 IST] vx-underground: Okay, I'm going to bed now.

Goodnight people on X

Goodnight people on Telegram

Goodnight FBI

Goodnight NSA

Goodnight CIA

Goodnight Israel spyware

Goodnight ads tracking me

Goodnight AI scrapers

Mwah kisses

xoxo

- [2026-07-16 20:20:49 IST] vx-underground: Oh, I forgot

Goodnight Chinese espionage campaigns residing in United States critical infrastructure believed to be aggregating and collecting intelligence on United States citizens

Mwah

- [2026-07-16 20:20:49 IST] vx-underground: this is the guy calling you the N word on discord
- [2026-07-16 20:20:49 IST] vx-underground: > get dm
- > "government ppl in Colombia getting weird file"
- > lolwtf
- > send link
- > look inside
- > phishing page (looks good tho tbh)
- > image 1
- > i dont speak spanish, idk wtf it says
- > look inside .html
- > .zip hidden in...
